

CURRICULUM MAPPING FACILITATORS

- *Do you need help with curriculum mapping?*
- *Are your teachers stuck in a mapping rut?*
- *Searching for ways to move forward in the process?*

WE CAN HELP!

During the summer of 2007, a group of classroom teachers worked together to expand their knowledge of curriculum mapping. They focused on developing curriculum maps, reviewing maps for quality, going through an effective mapping read-through, and developing an action plan for mapping.

These facilitators are now available to work with you and your school staff on your individual curriculum mapping needs!

All of the curriculum mapping facilitators:

- Are currently involved with curriculum mapping at their own schools
- Have personally developed their own curriculum maps
- Are well-versed on the Atlas curriculum mapping program
- Successfully completed the summer training

Interested in a Curriculum Mapping Facilitator coming to your school?

- Fill out the principal questionnaire and return it to Moira Conway
- Moira will call you to further discuss your needs

School will be responsible for paying the Curriculum Mapping Facilitator \$100 for a half-day session, and \$200 for a full day session. *You may consider combining multiple school faculties to reduce the cost to each individual school.*

CURRICULUM MAPPING FACILITATORS

PRINCIPAL QUESTIONNAIRE

School: _____

Contact Person and Position: _____

Contact Phone # and Email: _____

Number of Teachers Mapping: _____

Subject(s) Mapped (if there was a school-wide focus): _____
